# DERBY 101

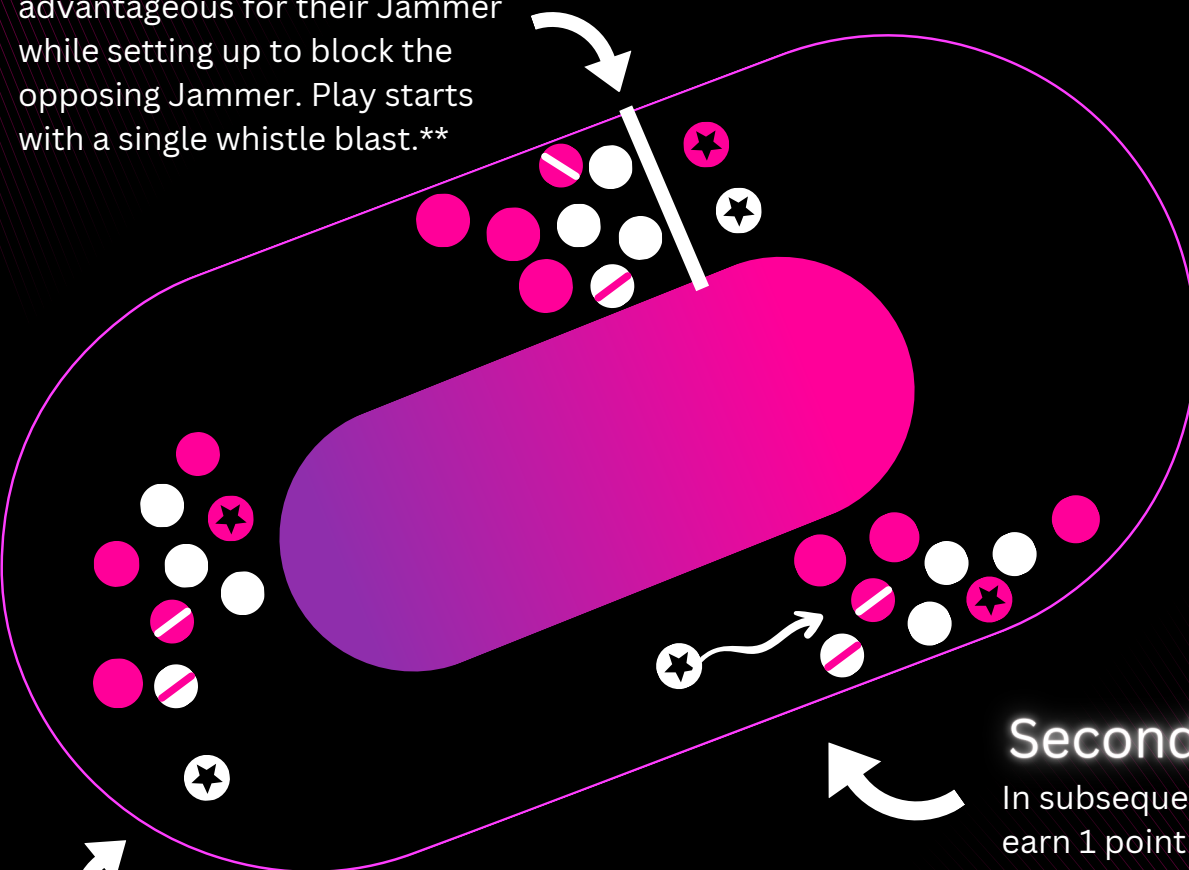

## The Basics

Two 14-skater teams play two 30-minute periods. Each period consists of multiple "jams." Each jam is an opportunity for both teams to score points. A jam lasts two minutes unless the Lead Jammer calls it off herself.

It is legal for a player to block their opponents with their hips, rear, and shoulders. It is not legal to block to the back, to trip, or to elbow another skater. Players committing illegal actions go to the penalty box for 30 seconds while their team plays short.\*\*

## Jam Start

Each team fields 4 Blockers and 1 Jammer. Blockers attempt to take the position most advantageous for their Jammer while setting up to block the opposing Jammer. Play starts with a single whistle blast.\*\*

## First Pass

During the first pass, the first Jammer to pass all in-play Blockers in the pack legally is Lead Jammer. Lead Jammer status is signaled by the officials blowing two short whistle blasts and pointing at the Lead Jammer.\*\*

## Second Pass

In subsequent passes, Jammers earn 1 point for each opposing player they pass legally. The opposing Blockers will try to stop the Jammer, while helping their own Jammer through the pack.\*\*

## SKATER POSITIONS AND ROLES

### Jammer

Jammers wear a star on their helmets and are the scoring players for each team. The Jammers attempt to pass the opponents as many times as possible by sprinting around track and lapping the pack.\*\*

### Pivot

The Pivot is the Blocker that wears the stripe on their head. They are the only Blocker that is allowed to accept a star pass from the Jammer, thus becoming the new Jammer and gaining the ability to score points.\*\*

### Blocker

The Blockers are simultaneously focused on stopping the opposing Jammer from passing them and assisting their Jammer to pass the opposing team's Blockers. The pack is formed by the largest group of Blockers with players from each team on the track.\*\*
